Dear Mr Jones

Intellectual Property Matters

As you are aware the company is in the process of applying for patents on the Internet Sheriff system in Australia and the United States.

You may also be aware that as a requirement of the patent application process, "the Inventors" being David Taylor and yourself, are required to confirm assignment of their rights in the software to the company. On a logical analysis of the facts, the requirement appears to be nonsense however Intellpro has advised me that the assignment is required even though the company in fact holds the legal rights to the software.

In order to complete the filing requirements would you please provide your signature on the following documents:-

1. Assignment between inventors and Telnet Media Ltd
2. Combined Declaration and Power of Attorney (USA)
3. Assignment (USA)

Please return the signed documents to me in the envelope provided.

Thank you for your assistance in this matter

Yours faithfully

Dear Sir.

RE: International Patent Applications – Signature of Alan Jones

I refer to your letter of 8 November and my correspondence with you dated 5 November and 12 November in relation to the above.

Attached is a letter received today from Mr Jones that indicates he requires payment of \$660 and reimbursement of his legal expenses before he will sign the documents provided by you.

The company does not intend to make any such payment to Mr Jones and you should proceed with the applications on the basis that Jones has refused to sign the documents.

As regards Mr Jones' comments in (2) *Purchase of Intellectual Property from Alan Jones* I again point out that Mr Jones does not have any proprietary interest in the intellectual property other than as a shareholder of Tel.net Media Limited. The company has full legal ownership of the intellectual property that is the subject of the application.

Yours Sincerely,

Alan J. Beck CA
Company Secretary

Dear Mr Beck,

Regarding your letter of 5 November 2001

I am pleased that Tel.net Media is applying for US patents. I am glad that the company is progressing in this direction. You raised several issues in your letter that I will separately address.

(1) Request for Power of Attorney for Alan Jones

You requested that I issue a power of attorney to the company's nominated agent with respect to Intellectual Property Matters. As a policy I do not issue power's of attorney. However, I am willing to offer my services to the company in dealing with these matters at a rate of \$330 per hour inc. GST, with a minimum of 2 hours payable in advance per engagement.

Should your request reasonably require me to seek independent legal advice as do your current requests, it seems reasonable that Tel.net underwrite my legal expenses in dealing with its requests. To simplify matters, I require Tel.net to underwrite my legal expenses directly with my nominated independent legal council - Ms Teresa Hendicott from Corrs Chambers Westgarth.

(2) Offers to purchase Intellectual Property from Alan Jones.

Your letter contains several agreements which are in effect offers to purchase Intellectual Property from Alan Jones for the sums of 1/3 of \$3 and USD \$1. Intellectual Property is the most valuable asset of an IT professional. It is not sold (assigned) without appropriate compensation. Therefore I decline your offer. In addition, your proposal contains unreasonable conditions particularly in the areas of breach determination.

I wish the company well in developing its business and offer my services on the terms outlined above.

Yours sincerely,

Alan Jones
